Entire Population of City

WERE ONLY TWO SURVIVORS

Disturbance Followed Recent
Earthquakes in That Part
of the World--Rescuers
on Their Way to the
Stricken City.

London, Oct. 30.—A cablegram from Tashkend, Russian Turkestan, received by a local news agency says: The whole town of Karatagh in Bokhara, has been destroyed and the entire population, numbering over 15,000, were buried by a mountain slide, following the recent earthquake there.

It is believed here that the destruction of the city is practically complete. Rescuers are on their way but there is little hope that the dead will fall short of 15,000. The latest advices are that the mountain side toppled over on the city and only those in the suburbs are surviving.

FATAL STORM
AT GALVESTON

New York, Oct. 30.—A message just received here from Houston, Texas, says a big storm has visited Galveston and that several lives have been lost. The message said that the report could not be confirmed as communication had been cut off.

Henry J. Kendig, 40, formerly of Mansfield, was killed in Chicago by falling down a flight of stairs.

JUDGE GROSSCUP UNDER ARREST
CHARGED WITH MANSLAUGHTER
IN CONNECTION WITH TROLLEY WRECK

Chicago, Oct. 30.—Judge Peter S. Grosscup, senior United States Circuit Judge and arbiter of Chicago's traction destinies, technically is under arrest on 14 counts charging manslaughter.

Judge Grosscup with six others connected with the Mattoon and Charleston Interurban railroad, were indicted by the Cook County Grand Jury and held in bonds of \$5,000 each, except a motorman whose bond was fixed at \$1,000.

The men are accused of criminal negligence tending to produce manslaughter in connection with the wreck on the interurban line August 30, in which 13 persons were killed.

Bonds were arranged for at once. The attendants said that it would not be necessary for any of them to go to Charleston until the trial starts and they declared confidently that the indictments would be quashed and that Judge Grosscup and other directors and officers would be brought to trial.

At Mattoon and Charleston public feeling has been running high against the railway officials ever since the wreck, and a public demonstration was expected if no indictments were returned. The throwing of the company into the hands of receivers a short time after the wreck, a move said to have been made to escape

WON'T MARRY HIM AGAIN.

Springfield, Oct. 30.—"I won't be married again," screamed Lulu Robeck, as she met for the first time in four years her divorced husband, Mathew Hegler, whom she had agreed by correspondence to marry again. Following her dramatic exclamation the young woman was seized with illness, following which she was charged with lunacy and was arrested.

BAD COLLISION
OF TROLLEYS

Wheeling, W. Va., Oct. 30.—A collision occurred on the Wheeling and Elm Grove trolley line at Elm Grove this morning. An interurban car telescoped a work car killing David Harris, power house engineer, and severely injuring three and slightly injuring a dozen or more passengers. It is believed all the injured will recover. A heavy fog prevented the motorman from seeing the car ahead.

damage suits, added to this feeling. The defendants claim that the grand jury in returning the indictments against Judge Grosscup and other officers, directors and stockholders, bowed to public sentiment.

Judge Grosscup said he would continue to sit in the United States court, as usual, and that the indictments would not interfere with his judicial duties.

The case of Judge Grosscup, according to Chicago lawyers, is without precedent. He is not of course, the first United States judge to get into trouble, but in the other cases the application of the law was entirely different.

Judge Grosscup, according to the lawyers, is subject to exactly the same procedure as any other person indicted for a similar charge.

If the state law under which he was indicted, interfered with the discharge of his Federal duties, then the United States has the right to step in and interfere.

Judge Peter S. Grosscup was born in Ashland, O., in 1852. In 1892 he was made United States district judge in a northern district of Illinois, and in 1899 he was promoted to the Circuit court. He has given a remarkable number of decisions bearing upon almost distinctively public questions.

and a searching party organized. At 1:30 this morning her almost nude and violated body was found on the river bank. She had been choked to death, as the tongue protruded several inches. The town is aflame with excitement and men declare a lynching will surely follow if the child's murderer is found.

SENT BRITON
TO REPRESENT
UNITED STATES

At the Intellectual Reciprocity Congress in Berlin and American Ambassador Taunted.

Berlin, Oct. 30.—President Hadley of Yale delivered his inaugural address at the University of Berlin today on the object of the German American intellectual reciprocity scheme.

Prof. Wm. Henry Schofield of Harvard, is yet to be heard on "A Comparison of English With Other Literatures."

The Kaiser had to gulp hard to swallow Prof. Schofield—a Canadian born and a loyal subject of King Edward—as the representative of an American university. He got him down at last, and so have the members of the American colony in Berlin, but they did it with a poor grace and Harvard is likely to hear from time to time some very bitter criticisms of its queer blunder.

Prof. Schofield is very popular personally, but that a Canadian and a graduate of Toronto university should have been selected for a mission on which there was every reason for choosing a thorough and through American, impressed all intellectual Berlin as very queer.

The situation was not improved when British Ambassador Lascelles remarked patronizingly to the United States ambassador, Mr. Tower, "I see your countrymen have sent over a Briton to represent you as this year's 'exchange professor' in the German educational rapprochement."

Only Prof. Schofield's delicacy in not flaunting his nationality saved Americans in Berlin from a great deal of embarrassment.

Tell City, Ind., Oct. 30.—Firing in defense of his father, Charles Hughes, aged 20, Tuesday night shot and instantly killed his brother, Martin Hughes, 30 years old.

THE PORTE
Now at the Mercy of Czar Nicholas

Bulgaria.

Paris, Oct. 30.—Russia has Turkey at its mercy at last, through a startling diplomatic maneuver of which details have just leaked out. In event of Turkish-Bulgarian troubles, Russia pledges itself to aid Bulgaria with 18 cavalry and artillery regiments, and in return Bulgaria promises to loan its new torpedo flotilla to the Czar if needed against the Sultan.

BATTLE
For Organized Labor Being Fought
in Supreme Court by U. S. Attorney General.

Washington, Oct. 30.—Much that organized labor has gained in years by strikes and other contests with capital will go for naught if Attorney General Bonaparte does not win in the fight he is making today on labor's behalf in the supreme court of the United States. He is defending the constitutionality of the Erdman act of 1898, containing a provision making it a crime for a common carrier of interstate commerce or its agent to threaten to dismiss or to discriminate against an employee because he belongs to a union.

Bonaparte said that should this law be declared unconstitutional, the whole system of government mediation, under which Commissioner of Labor Neill and Chairman Knapp of the Interstate Commerce Commission have been laboring so successfully this year, would fall. He pleaded that a law seeking to avoid strikes and lockouts, thus preventing interruptions to interstate commerce should not be stricken from the statute books.

MISS LINN NOT TO MARRY.

Springfield, Oct. 30.—"No more for me; I've had enough of marriage," was the reply Miss Jessie Linn made to the report that she is about to be married. Miss Linn Saturday was divorced from Harold Robinson, who a month ago was paroled from the penitentiary after serving a year and a half for bigamy. She will join a concert company in a short time.

ANDREW CARNEGIE, ARRIVING ON THE BALTIMORE

New York, Oct. 30.—Foreseeing the speedy end of financial troubles in this and other cities and saying the present depreciation in prices of industrial securities should have come two years ago, but emphatically stating that rigid laws for the protection of investors were necessary, Andrew

STUDENTS OF CHICAGO UNIVERSITY
REVOLT AGAINST VACCINATION
ON ACCOUNT OF SMALLPOX

Chicago, Oct. 30.—University of Chicago students object to being locked in separate rooms with city doctors to be vaccinated like so many cattle and have stamped.

Members of the four colleges—philosophy, science, art and literature—have started a revolt. Many escaped through open windows before they could be stopped by the professors or doctors.

Four cases of smallpox at the school caused the university and city authorities to agree that the situation warranted heroic measures.

But the students objected to the method of procedure, especially when several of the cords fainting from fright when their arms were scratched.

Members of the football teams were among the leaders in the break for liberty, those of the varsity team declaring that to be vaccinated at this time would mean their inability to play in the Maroon-Gopher game Saturday, and maybe enforce their idleness for the remainder of the season.

Mr. Gibbs' office will be located in Columbus. The Newark office will remain here for the present, at least, and so far as known now no changes will be made here at present. STRIKE

Of Telegraphers is at
An End Says President Small

DEPOSED PRES. IN NEW YORK

But Was Not Allowed to
Address a Meeting of
Operators

Many of the Strikers are Tired of the
Struggle and Want to Go Back
to Work--Company's Terms.

New York, Oct. 30.—In Tuesday's meeting of the New York local of the Commercial Telegraphers' Union of America it was unanimously decided to continue the strike to the last ditch, in spite of the reports that the companies have all the operators they need and are securing new recruits every day from the ranks of the strikers.

Sylvester J. Small, the deposed president of the national union, appeared at the door of the meeting hall and attempted to address the strikers, but was denied permission to speak on the ground that he had been expelled from the union, besides being deposed as president.

A motion to permit him to speak, was laid on the table, and Small left the hall greatly disappointed. He returned to the Astor House, where he had been staying since his arrival in the city.

Although the strike leaders claim to be confident of winning, it cannot be denied that many former strikers have become dissatisfied with the management of the strike and have returned to work. Officials of both the Western Union and the Postal Telegraph companies say they are willing to consider all individual applications, but reserve the right to reject those of the men who have made themselves obnoxious in any way.

Several of the strikers who were seen expressed themselves as being tired of the struggle, and determined to return to work unless satisfactory financial relief were forthcoming today.

Before leaving the city last night the deposed president called off the strike.

After reviewing his efforts to bring about a settlement of the trouble to the advantage of the strikers, and the action of the union in declaring his office vacant and electing a successor, Small says:

"I feel it my duty as the recognized leader and legally elected President of the said organization, to issue this statement, declaring a chaotic condition to exist within our official ranks, and further declaring the telegraphers' strike unquestionably the greatest and clearest-fought battle of recent years, at an end, dating from Wednesday, October 30, 1907, and offer the following terms:

"All strikers will be reinstated without discrimination, except those 'chans' whom charges can be substantiated, the accused to have the privilege of making defense in writing through me when the case will receive prompt and careful consideration."

"The 10 per cent increase granted March, 1907, will be strictly adhered to."

Will Not Build Shops. There is no truth in the rumor that the Baltimore & Ohio railroad company is to build new erecting shops in this city, according to information obtained at official headquarters Wednesday by the Advocate. The officials here have heard nothing of such a report from reliable sources, and do not believe the report circulated Tuesday night. The story probably gained circulation from the fact that the telegraph tower is being moved into the east end of the yards, and as for several years past, the rumor has been revived at stated periods, the report is groundless.

Col. George Cox Hamilton is doing a new stunt. He is declaiming the fact that they have imported a couple of Columbus detectives to look up illegal registration, stating that one man had been detected who had registered from 80 Maholm street, giving the name of Wilson. An investigation of the affair proves that there was no such name on the books from Maholm street, and the incident was

only one of the colonel's little dramatic stunts. We would suggest that the colonel put his sleuths on the track of the American Tribune's "expert" figure manipulator.

JOSEPH KUSTER, JR.

The Democrats present as one of their candidates for Councilman-at-Large, Joseph S. Kuster, Jr. He is well and favorably known by nearly every resident of Newark. He commands the esteem and confidence of the public and has always taken a leading interest in the social, business and political affairs of the city.

Mr. Kuster is an ardent lodge man, and is an active member of the Elks, Eagles, Royal Arcanum and Knights of Columbus. He takes a leading and

active part in all lodge affairs and never finds any duty to which he may be assigned too laborious or arduous, but throws his soul in to the work with the result that he always accomplishes what he undertakes.

His peculiar fitness for executive duty has secured him trusted positions in the councils of his party, serving for eight years as secretary and treasurer of the Democratic committee. His opinions on matters of public policy have always commanded respect and consideration.

Should he be elected to serve the people on the City Council he will not be a novice by any means as he has served in that capacity before and for several years was vice president of that body, and was always a useful and influential member in matters pertaining to Newark's prosperity and the city's good government.

He was also connected with the E. H. Everett Glass company for a number of years, and many of his old associates are still employed at the factory.

The people of Newark can make no mistake by electing Joseph Kuster, Jr., as one of their councilmen-at-large, for he would discharge the duties of that office faithfully and well.

"I am asked to write something on the political issue before the voters of this county. I believe that our position here differs little from that which prevails in most cities and counties of the state. We have been mercilessly dealt with as tax payers, and were it not for the prosperity that surrounds us I have no doubt that the majority of property-holders would have long ago gone bankrupt."

—Extract from Father O'Boylan's article in Tuesday evening's American Tribune.

We do not doubt but what the above article has caused hundreds of voters of this city to stop and ponder. They know that they have been mercilessly dealt with and that their money has been spent with a lavish hand. How true are the words "and were it not for the prosperity that surrounds us I have no doubt that the majority of property-holders would have long ago gone bankrupt."

A Board that will spend thousands of dollars of the people's money unnecessarily has no regard for the taxpayer and consequently endangers and helps to bankrupt him.

NO ONE MAN POWER.

Editor Advocate: A timely suggestion is made in last night's issue that the voters of Newark should arrange their ballots that three men will be elected to the Public Service Board, all of whom will have an equal voice in the Board's transactions. It is well known that that is not the case in Newark now. There should be no one man power in transacting the public business behind closed doors, especially when that one has some personal interest to conserve.

OBSERVER.

Great excitement prevailed around the court house square this morning when it became known that several of our citizens who own business property fronting the same had been offered a little over \$17,000,000 by Columbus capitalists who are desir-

WAS PURCHASE OF NEW WATER WORKS SITE A VIOLATION OF LAW?

Editor Advocate: Will you kindly inform me through the columns of your paper whether the sale of the site for the water works pumping station by The Newark Trust Company through the instrumentality of Attorney Charles L. Flory to the city of Newark, Ohio, (William C. Christian being at the time of sale a stockholder and director of the Newark Trust company and a member of the Board of Public Service of this city) is within the provisions of section 6998 of the Revised Statutes of Ohio, which reads as follows:

"It shall be unlawful for any person holding any office of trust or profit in this state, either by election or appointment, to become directly or indirectly interested in any contract for the purchase of any property for the use of the city institution with which he is connected. Any person violating the provisions of this act shall be imprisoned in the penitentiary not more than ten years and not less than one year."

TAXPAYER.

CITIZENS ARE INTERESTED.

Figures Show That Present Service Board Has Expended \$40,000 More Than Old Contracts Called For.

Taxpayers are Beginning to Realize That Their Money Has Been Spent With a Lavish Hand and the End Is not Yet in Sight.

Editor Advocate: For the past week the American Tribune has been making a pitiable effort to shield the gentlemen who have been so lavish with the public funds. They would have us believe that they are regular "watch dogs of the treasury," when it has been conclusively shown that thousands of dollars have been uselessly squandered, not only in the building of the municipal water works plant, but in other departments of the Board of Public Service.

Did we ever use to hear complaints about the condition of our streets under the regime of Newark's former city governments? Now it is a common occurrence, and we hear nothing but complaints upon all sides under the present Service Board's management. We are ashamed to show many of them to the stranger visiting within our gates.

Regarding the lavish waste of money by the board on the new municipal water works plant, the following facts have not, nor can they be, controverted by the "Expert" who is manipulating and juggling figures for the American Tribune:

Amount expended on the old site for real estate, concrete, excavating, grading, etc. \$15,621.10
Amount expended by the new board by reason of a change of location of real estate, additional pipe, grading, excavating, etc. 9,726.98

Making a total cost to the taxpayers by reason of the change of .. \$25,348.08

Now this was not all, by any means. The old board contracted for 24.22 miles of pipe, for which they agreed to pay the sum of \$265,000. This fact cannot be disputed, for the original contract is on file in the city auditor's office, where it can be inspected by any tax payer who may desire to do so.

The laying of pipe has been finished by the contractors, and the measurement was made Monday, October 21, showing that ONLY 19 MILES have been laid. Practically all of the appropriation of \$300,000 has been spent, and in addition the board asked council for an additional appropriation of \$5,303.19, which was given them.

Result: An incomplete system of water works, consisting of five miles less of line as provided in the original contract at an additional cost of \$40,303.19.

And the people have nothing to show for all this money except a lonesome smokestack far to the north of the city, and 19 miles of dry iron pipe, wholly unavailable for use.

Good business policy, is it not, Mr. Taxpayer, who has to stand the brunt?

Look out for the American Tribune extra revealing the plot.

Good morning! Have you sold your property for a saloon, brewery or distillery location yet?

Do not forget that the Democratic ticket was nominated by the Democratic rank and file, the Republican by a little coterie of bosses, under the leadership of a professional boss. Which system of party rule will you endorse by your vote, the people or the bosses?

A GOOD HOME REMEDY

For Rheumatism, Kidney or Bladder Trouble.

The bleak days of Fall and the severer weather of Winter will be responsible this year, as they always have been, for a great increase of sickness, particularly rheumatism, kidney and bladder troubles. While the weather is to blame, we cannot change the weather, unless we have the time and money which will allow us to get away from the cold, damp days which are sure to come. Unfortunately most of us are not so ated, and we have to make the best of conditions as they are.

During the fall and winter, while most of us are indoors a great part of the time, the system becomes clogged with impurities, the bowels become sluggish, the kidneys inactive. Poisons, instead of being thrown off as they are during the summer while we are physically more active, are stored up in the system. Principal among these poisons is uric acid, the cause of rheumatism.

What the system needs at this time is to be kept cleaned out, toned up and strengthened to stand the sudden changes in temperature, damp weather, etc. Instead of taking strong laxatives or patent medicines which depend on alcohol for temporary tonic effects, we would recommend a simple prescription which can be filled at any drug store. It is as follows:

Fluid Extract Cascara Aromatic, 1-2 ounce.
Concentrated Barkola Compound, 1 ounce.

Aromatic Elixir, 4 ounces.
Mix these ingredients together thoroughly and take one teaspoonful three times a day after meals and at bedtime. Children, one-quarter to one-half teaspoonful three times a day after meals.

This simple prescription has a three-fold effect—it serves to regulate the stomach and bowels, stimulates the action of the kidneys and purifies the blood. By its action on the bowels and kidneys it insures a rapid elimination of all the waste products of the body, which are more numerous in fall and winter than at any other season. Dr. George Edmund Flood, the famous specialist on rheumatism and kidney trouble, is authority for the statement that this prescription is a certain cure for all forms of rheumatism, kidney and bladder trouble. He uses it exclusively in his private practice and we are pleased to be able to give it to our readers with his permission. Any druggist can fill the prescription at a nominal cost, or, better still, get the ingredients yourself and mix them at home by shaking them up in a bottle.

Men's Regal Shoes

The St. Clair will appeal particularly to men who want the newest made-to-order model in a shiny leather blucher-cut boot. Although the toe is narrow, it has been carefully modeled so that the trim effect does not in any way interfere with the perfect comfort of the foot. The handsome vamp of Patent Calf gives a pleasing contrast to the dull-finished surface of the Matt Calf top. Clever Regal workmanship is evident in every part of this boot—in the careful shaping of the vamp over the last, in the trimming of the moderately heavy extension sole and Military heel, and in the fitting of the uppers and the inside trimmings. Every bit of material used is custom grade. The linings are 9-ounce duck with our special miterized finish. In every way we have made the St. Clair one of the finest Regal models for general and semi-dress wear.

BIG CROWDS TURNED AWAY

Anna Eva Ray Gives a Wonderful Exhibition at the Orphium Each Night.

The management of the Orphium Circuit certainly struck a gold mine when Eva Ray was booked. If the attendance in Newark can be taken as an indication of business in other cities.

The Fords, handuff experts, packed the theatre last year, but however Miss Ray's engagement has brought out more people than that of the Fords and as the result many were turned away at each performance.

Newark people like good vaudeville, and while 10 and 20 cents is rather a small price of admission, they feel that they should have something for their money. Miss Ray's work seems to improve as the week grows old. Her performance last evening was the most interesting of her engagement in the city. Questions that seemed impossible for her to answer were replied to quickly and correctly. There is wonder, amusement and pathos mixed with her answers. For instance, an aged lady last evening asked about her wandering boy. Miss Ray was loth to reply to the question but finally told her that the boy was in prison and that when free he would not return to her for at least two years. Several high school students were there and propounded some very difficult questions.

In all Miss Ray is a wonderful woman, and truly deserves the liberal patronage which she is receiving. In fact she must be seen to be appreciated and the most beautiful part of Miss Ray's performance is that she lays no claim to supernatural powers.

Severe Pains

When a prominent nerve is affected, the pain is severe. It is called neuralgia. It may be in either the head or body. Relief comes only when this nerve trouble is overcome. By its soothing and strengthening influence upon the nervous system Dr. Miles' Nervine removes the cause.

"It was about two years ago that I was taken down with what the doctors claimed was neuralgia, and some called it lightning rheumatism. Sharp pains would go from one place to another, mostly in my head, and they would last two or three days before I could get relief. During these spells I would be so nervous that I hardly knew what I was doing. The pains were so severe and exhausting that my husband would have to steady me when walking across the room. I would have fever, and my heart would palpitate, and in a day or two I would feel better. Just as soon as I would expose myself the very least I was sure to have a spell of neuralgia. I have taken lots of doctor's medicine, but I might just as well take water. My aunt kept writing me to just try Dr. Miles' Nervine, and I am thankful that I was persuaded to do so, for the Nervine has cured me—has driven it out of my system."

FOR HIS SISTER'S SAKE

Clergyman's Son Pays \$260 for a Bottle of Father John's Medicine

Miss Lindell, daughter of Rev. Mr. Lindell of 5875 State street, Chicago, Ill., has gone to Las Vegas, New Mexico, in the hope of getting cured of consumption. She is now at "Frontal City," just outside of Las Vegas, where it is expected that within a year 100,000 consumptives will be located, living in tents.

This lady had desired great benefit from the use of Father John's Medicine, but when her brother tried to purchase some of this old remedy for her in Las Vegas, it was not possible to do so. Her brother knew how important it was that his sister should have Father John's Medicine every day, so he telegraphed to Chicago for a bottle, which cost as follows:

Telegram\$50
Express1.00
Father John's Medicine1.00
Total\$2.60

Mr. Lindell says that even at this price he would not be without the medicine for his sister. Now the druggists in Las Vegas keep Father John's Medicine in stock for the benefit of the consumptive sufferers to whom Mr. Lindell has recommended it. He says: "Father John's Medicine will be the means of health to thousands as soon as it becomes really known here. You owe it to humanity to make this medicine known." For sale at The City Drug Store, Newark, Ohio.

CHIEF LAUER OF COLUMBUS IN ACCIDENT

Chief Charles J. Lauer, while responding to a small fire in the East Side last night, was thrown from his runabout 20 feet to the curb while he was driving his fast horse, Goldie, and is at his home laid up with a sprained wrist and some bad bruises.

Chief Lauer was driving his wagon, and as he turned off East Broad street in Hoffman avenue his wagon collided with a heavy wagon.

Chief Lauer, after the accident, could not stop talking about his beloved Goldie, his handsome chestnut driver.

The wagon was turned over by the collision. Few high-bred horses would have continued to run under similar circumstances. Goldie didn't. As a result, the animal's master is alive and will live to speak and think with the greatest affection of the faithful beast. Goldie stopped almost in the space of one great plunge after the chief was thrown. The animal stood and trembled and watched the efforts of the chief to rise.

After he was thrown, Chief Lauer lay where he had fallen for fully 10 minutes with his breath almost knocked from his body, the chief, lying face downward, was found.

Chief Lauer was taken to the home of Dr. Dick, 1191 Oak street. It was found he had sustained a badly sprained wrist and was badly bruised about his chest. The injuries are very painful. His little finger was so badly mashed that Dr. Dick says it may be four weeks before he will be able to do much with his hand. Chief Lauer was taken to his home by Lieutenant Adler of No. 11 Engine company.

COURT HOUSE NEWS

In the case of James Lees vs. Elizabeth A. Lees, an action for divorce and alimony, the court rendered a decree dismissing both the petition and cross-petition, the court holding that there was not sufficient evidence to warrant a decree for divorce or alimony. Counsel for plaintiff gave notice of his intention to appeal the case to the Circuit court, and the bond for appeal was fixed at \$150. J. B. Jones; Flory & Flory.

John Holman vs. B. and O. R. R. Co., et al., judgment in favor of plaintiff for the amount of the claim admitted in the answer of the railroad company, less \$20, to be paid to the Newark Investment Co. Balance to be paid to the plaintiff, James; Kibler & Montgomery; Flory & Flory. The suit grew out of an assignment, by plaintiff, to the Investment Co., of a portion of plaintiff's wages.

C. A. Foster vs. Eli Hull, executor, etc., an action brought on an account. Judgment of settlement. Stasel, Sparks; McDonald.

The trial of the case of Lemuel A. Smith vs. Eleazar Evans, et al., is engaging the attention of the court and jury. The action is brought to set aside the will of Margery E. Evans, A. D. Seward is the executive of the will. Plaintiff says that the paper writing filed for probate is not the last will and testament of Margery E. Evans for the reason that at the date of said paper, she was not of sound mind and memory, by reason of protracted pain and suffering; was mentally weak, and rendered incapable of making a will, making any proper distribution of her property. Plaintiff charges that improper and undue influence was brought to bear upon her to induce her to sign said paper writing; that she was induced to disinherit plaintiff, who was, plaintiff says, the only heir to the estate. He asks that an issue be made up as to whether the said paper is the last will and testament, and that it be set aside and held for naught.

Defendants deny the allegations of incapacity set forth in the petition and the charge as to undue influence, and say that the will is the valid last will and testament of the deceased, and ask that it be so adjudged. J. B. Jones; Kibler & Montgomery.

Infirmity Directors Meet.

The Board of Infirmity Directors met in regular session on Wednesday and transacted routine business. A number of bills were allowed.

Answer Filed.

In the case of Mary Myers against U. S. Myers and others, William G. Wilson, Ira Jackson and Thomas Brown, commissioners of Miami county, Ohio, the defendants in this action have filed their answer in the Licking county Common Pleas court. They say that on the 17th of August, 1907, defendant, U. S. Myers, bid to construct a ditch, known as the Smith ditch improvement, for \$136.95, and agreed to complete the same before October 20, 1907. He says Myers has not completed the ditch, nor has the defendant, the board of commissioners of Miami county, paid Myers any money for the construction of the same; that upon its completion there will be due U. S. Myers from defendants \$136.95, if all the conditions of the contract are complied with. Defendants ask the court to instruct them as to whom the money shall be paid after it becomes due, and that upon payment of the same that defendants be dismissed from this action, and for all other relief to which they may be entitled.

FLEXIBLE

THE worst thing about breaking in a new pair of shoes is the hard, stiff feeling of the soles. You instantly notice a great difference when you put on a pair of "Dorothy Dodd" Shoes. They are especially constructed with the object of securing extreme flexibility of the innersole. The foot feels as if it rested on a soft cushion, instead of on a hard leather bottom. They combine all these minor points which count for a great deal if you value comfort and care to escape fatigue. Yet they cost but \$3.00, \$3.50 and \$4.00 the pair.

WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY

MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound, has cured more cases of feminine ills than any other one remedy. Such letters as the following

STOCKHOLDERS

OF UTICA WINDOW GLASS FACTORIES WILL CONSIDER CONSOLIDATION.

Trouble About Wage Scale at One of the Factories May Cause Shut-Down—General News.

Utica, Oct. 30.—A meeting of the stockholders of the Licking Window Glass factory has been called for Saturday, Nov. 2, for the purpose of submitting to them a proposition to unite with the Central Window Glass factory. The stockholders of the Central factory will hold a meeting at the same time for the same purpose.

Miss Sara Rood of Fredericktown spent a few days last week with her sister, Mrs. Charles F. Gay.

Del Knox and family of Newark spent Sunday with Mr. and Mrs. Will Archer.

Mrs. Gibbs of Appleton was the guest of her sister, Miss Mary Harris, last week.

David Phillips of Fultonham was the guest of his mother, Mrs. Jacob Phillips a couple of days last week.

The union revival services which have been in progress here for the past three weeks under the leadership of Evangelist E. P. Loose, closed on last Sunday night. While the results were not so great as had been looked for several public confessions of faith in Jesus Christ were made. All financial indebtedness incurred was cleared up without the slightest trouble.

It is reported that the Utica Glass factory will shut down Saturday on account of trouble with the present wage scale. It is also reported that the Central factory will shut down on Thursday night for the same reason.

Mr. C. H. Glover of Coshocton was the guest of Rev. J. C. Glover and family last week, coming here to attend the closing revival meetings.

Mr. and Mrs. Harry Hoffman left Monday to spend a few days with friends at Lancaster. From there they will go to Clarksburg, W. Va., where Mr. Hoffman has an important position with the Star Rig and Reel company.

The infant daughter of Rev. J. C. Glover was badly injured by falling and striking her head against a table leg in her home Tuesday. The injury is not expected to prove very serious.

Messrs. M. J. Stewart, Joseph Clark and Warner Hay of Coshocton, friends of Rev. Mr. Glover, came here Friday to attend the revival meeting.

W. L. Fairall spent Sunday at the bedside of his brother-in-law, George Simpson, of Black Run, who is dangerously ill. Mrs. Fairall left Tuesday to go there.

THE OLD BACK STAIRS.

One mornin' fore Pa went to work, Ma sez to him, out loud, so all us kids could hear and with her face black as a cloud, "Them old back stairs is awful, Pa, and I think it's a shame the way them children ruin things a playin' of that game. It's Shoot-the-shoots they call it, but I'll make it, bump-the-bumps; why the carpet's no more good at all, it's only holes and lumps." But Pa just grinned at us and said: "Well, Ma, don't lose your head; just throw the darn old carpet out, we'll paint the stairs instead. Tonight when I come home I'll stop and get some Spartan Stain, and then I'll make them old back stairs all bright and new again." Spartan Stain is unexcelled for retouching the furniture and woodwork in the home. Made by The Marietta Paint and Color Co., Marietta, Ohio. Sold by Newark Paint Co., 31 West Church street.

STABBER

WAIVED EXAMINATION BEFORE MAYOR AND WAS BOUND OVER.

U. S. Gregg and Leo Sex, Foreigners' Victims, Are Both Rapidly Recovering.

Frank Petoska, the foreigner who badly cut U. S. Gregg and Leo Sex during an argument last Saturday night in the Gregg saloon, was brought before the mayor Wednesday morning and waived his right to an examination and was bound over to the grand jury in the sum of \$500. He was immediately loaded into the patrol and taken to the county jail where he will stay until his trial unless he can furnish bail. His victims are rapidly recovering.

James Dooker skipped school yesterday, and like most boys managed to get into trouble. Several of his companions skipped at the same time and the lads wended their way to the Pratt-Kirk lumber yard. There they amused themselves with throwing down nice piles of lumber until stopped by Officer Brown. Dooker was the only one of the crowd captured and when he was brought into police court this morning the mayor sent him to the juvenile court. After a lecture he was dismissed by Judge Brister.

Only one man filled up with bug juice yesterday and he drew the usual fine this morning.

CURE FOR DRUNKENNESS

Orrine Treatment to be Used at Home Without Publicity, or Loss of Time from Business.

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable treatment has made so many cures that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

It is in two forms: No. 1 that can be given secretly, and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical and it costs only \$1 a box and there is no detention from the usual duties, while if a cure is not effected, there is no expense whatever. Mail orders filled on receipt of price in plain sealed package. Write for free booklet. The Orrine Co., Washington, D. C., or Frank D. Hall.

MRS. HAND'S PAPER HIGHLY COMPLIMENTED

At the recent state conference of Charities and Correction held at Bellefontaine, Ohio, Mrs. Clarissa C. Hand, superintendent of the Marion County Children's Home and former matron of the Licking County Children's Home, had a paper entitled "Religious Training in the Home." The Index-Republican of Bellefontaine says: "Mrs. Hand's paper was fine and it touched the hearts of every one present. Surely the greatest training is that of the soul."

The Bellefontaine Examiner also referred to Mrs. Hand's paper in very complimentary terms.

Mrs. Hand has entire charge of the home at Marion and in the management of the institution she has had marked success.

Two glass factories in Mt. Vernon that started last week have closed down on account of the wage scale.
